To minimize loss of revenues on imported articles not covered by Clean Report of Findings (CRF) or Published Values, the Valuation & Classification Division is hereby directed to expedite publication of values based on SGS clean report of findings issued and other Fair Market Values (FMV) furnished by our commercial attaches thru the Bureau of Import Services, Department of Trade and Industry.

Published values which are six (6) months old or more may still be used as valuation reference in the absence of any new value information.
