**SECRETARY CARLOS G. DOMINGUEZ**  
Department of Finance  
Roxas Boulevard, Malate, Manila

Dear **Secretary Dominguez:**

Greetings from the Technical Education and Skills Development Authority (TESDA)!

TESDA has recently crafted and rolled-out its National Technical Education and Skills Development Plan 2017-2022, the blue print for the direction of Technical Vocational Education and Training (TVET) in the country.

With the theme, "Vibrant Quality TVET for Decent Work and Sustainable Inclusive Growth". One major strategy identified in the plan is making sure that Philippine TVET System becomes globally competitive. As such, the agency is gearing towards modernization and upgrading of training equipment of institutions and training centers directly under its supervision. TESDA is exhausting all possible means and ways to acquire the latest and best equipment for its training.

In this regard, we humbly request for the donation of any vehicle or equipment seized by the Bureau of Customs to TESDA that may still be used for training and assessment of our skilled workforce.

Thank you for your continuous support to TESDA's efforts in uplifting the lives of the Filipino People through TVET.

Very truly yours,

**SEC. ISIDRO S LAPEÑA, PhD, CSEE**  
Director General
