II. POLICIES AND GUIDELINES

(ETDO) where the taxpayer-importer is registered or required to be registered. The Application for ATRIG shall be distributed as follows:

- Original - RDO/ETDO
- Duplicate - Importer/Broker

Each importation shall be covered by a separate application for ATRIG. In cases where the importation involves articles of the same kind but are covered by two or more Bills Of Lading issued to the same importer under the same vessel, the consolidated application may be accepted and processed. The application for ATRIG shall be notarized and properly accomplished and signed by the importer or his duly authorized representative with the prescribed documentary stamp affixed thereon.

2. No application shall be accepted if the importer-applicant and/or broker-representative is/are not duly registered taxpayer(s) with the BIR. In cases where the intended importation consists of excisable articles, raw materials, machineries, equipments, apparatus or any mechanical contrivances especially used for the production of excisable articles, the application for ATRIG shall likewise not be accepted if the importer-applicant does not have a separate Permit to Operate as an Importer for excise tax purposes.
3. BIR Form No. 1918 (Annex "B") shall be used whether for excise or value-added tax (VAT) purposes and shall be approved and issued by the Revenue District Officer of the RDO/ETDO authorized to process and approve the ATRIG. For this purpose, upon initial receipt of the new sets of this form, reproductions and/or issuances of pro-forma ATRIGs shall thereafter be strictly prohibited.

The form shall be filled-up completely, prepared in triplicate and distributed as follows:

- Original - Bureau of Customs
- Duplicate - Issuing RDO/ETDO
- Triplicate - Business Intelligence Division (National office)

The above provision notwithstanding, all applications for ATRIG for excise tax purposes shall be filed with and processed by the concerned Excise Tax District Office having jurisdiction over the importer.

4. For excise tax purposes, the ATRIG shall be issued for all importations of articles subject to excise tax (whether exempt or taxable), including the raw materials in the production thereof, as well as the machineries, equipment, apparatus or any mechanical contrivances especially used for its assembly/production.

For VAT purposes, the ATRIG shall be issued on all importations of articles exempt from VAT except on those articles specifically identified and enumerated in the Circular issued jointly by the Bureau of Internal Revenue and the Bureau of Customs.

5. The ATRIG shall be processed, approved and issued within one (1) day from the time of the actual receipt of the application, in cases where the application for ATRIG is supported by complete documents and there is no legal/factual issue on the taxability of the imported article.
6. Proper coordination with the authorized representatives of the Bureau of Customs shall always be maintained if an ocular inspection is needed in order to verify the actual description of the imported article or to secure a sample thereof for purposes of laboratory analysis.

With respect to imported automobiles, prior ocular inspection shall be conducted at all times to determine its taxability and compliance with the prescribed seating capacity criteria under existing revenue issuances.

7. For purposes of filing, identification and classification of articles, either for excise or VAT purposes, the authorized issuing offices shall add such descriptive letters or word which shall be printed right below the ATRIG's pre-printed serial number according to the following order:
 - a) PRODUCT CODE (for excise) or VAT CODE (for VAT exemption)
 - b) YEAR OF ISSUE
 - c) RDO NUMBER
 - d) RDO, RR, ETDO or NO Office CONTROL NUMBER
8. Applications for ATRIG with legal issues on the taxability or exemption of the imported articles shall be referred to the Legal Division of the Regional Office or to the Law Division, National Office, as the case maybe, for appropriate resolution. Any request for a ruling on an article involving factual issues requiring laboratory comment/evaluation/recommendation for purposes of identification and/or classification shall be referred to BIR Laboratory Unit in the National Office prior to referral to the proper legal office. In case the request for a ruling affecting the application for ATRIG is directly filed by the taxpayer with the Legal Division or Law Division in the Regional or National Office, respectively, or the VAT Review Committee, the same shall nevertheless be referred to the BIR Laboratory Unit prior to the formulation and issuance of the appropriate ruling.

For issues not requiring legal resolution, samples of the imported goods requiring laboratory analysis shall be referred to the BIR Laboratory Section National Office, for appropriate action. In this connection, physical laboratory analysis/comment/evaluation shall be conducted on samples of every

shipment of alcohol and alcohol products, petroleum products, and such other articles to determine its taxability and proper tax classification. Samples thereof shall be taken directly from the shipment by authorized BIR representative(s) in the customs premises, in coordination with the customs' authorized representatives.

In the event that the correct product classification and basis of taxation of imported article can be sufficiently determined on the basis of acceptable Certificate of Analysis and/or Material Safety Data Sheet (MSDS) together with complete product specification and/or product data/information, whichever is applicable, the conduct of actual laboratory analysis may be dispensed with. However, these documents shall be referred to the BIR Laboratory Unit for appropriate evaluation and comment, prior to the issuance of ATRIG.

9. All requests for the issuance of BIR strip stamps or labels for alcohol or tobacco products, whichever is applicable, shall be processed in accordance with existing revenue issuances only after the submission by the taxpayer-importer of proofs of excise tax payment on the imported excisable articles covered by the application for ATRIG.
10. In cases where the articles covered by the application for ATRIG have already been released from custom' custody prior to the issuance thereof, no ATRIG shall be allowed to be issued just to complete the documentation of the importation for BOC purposes.
11. The issuing RDO/ETDO shall ensure that the articles subject to excise tax, whether taxable or exempt, are delivered to the importer's place of business/production. For this purpose, the Revenue Officer(s) assigned to process the application for ATRIG shall be designated to supervise the release of imported articles from the customs premises up to the importer's place of business/production. In addition to the foregoing, proper coordination and/or notification shall be made by the ATRIG issuing office to the BIR office having jurisdiction over the excise tax establishments with Revenue Officer(s) Assigned on Premises (ROOPs). Such notification shall be made prior to the release of imported articles from customs custody to ensure that said ROOPs are duly alerted on incoming deliveries/shipments.
