Subject: PROPOSED CMO ON DONATIONS TO THE DSWD AND OTHER GOVERNMENT CHARITABLE INSTITUTIONS

Dear Atty. Soriano:

Please find below our comments on the updated version of the proposed Customs Memorandum Order (CMO) your office transmitted to former Undersecretary Grace Pulido Tan.

1. The title of the proposed CMO refers to donations of forfeited or abandoned goods to the Department of Social Welfare and Development (DSWD) Government Agencies and other Government Charitable Institutions. However, the text of the proposed CMO consistently refers to donations to the DSWD and other government agencies or other government agency concerned. (See Items I.1, III.3, III.4, IV.3 and IV.5 of the proposed CMO.) The language creates confusion as to the applicability of the proposed CMO, i.e., in addition to the DSWD, if it only applies to government charitable institutions, or to any other government agency, whether or not a charitable institution.

2. The pertinent portion of Section 2610 of the Tariff and Customs Code of the Philippines (TCCP) from which the proposed CMO is based states that "If the article is suitable for shelter or consists of foodstuffs, clothing materials or medicines then that articles shall be given to government charitable institutions through the Department of Social Services and Development." It is clear from the language of the TCCP that all donations to government charitable institutions must also be coursed through the DSWD. However, the language of the proposed CMO does not necessarily reflect the intent of Section 2610 of the TCCP as it consistently states that donations can be made directly either to the DSWD or to a government charitable institution. (See Items III.4, IV.3 and IV.5 of the proposed CMO)

In view of the above observations, we suggest that the proposed CMO is modified to clarify that it only applies to the DSWD or government charitable institutions, and that donations to the latter shall only be coursed through the DSWD, consistent with the mandate of Section 2610 of the TCCP.

Thank you.

Very truly yours,

ATTY. GEORGE M. JEREOS
Commissioner
Bureau of Customs
South Harbor, Port Area, Manila

Dear Commissioner Jereos:

This refers to the draft Customs Memorandum Order on the transfer of forfeited/abandoned goods from customs custody to government charitable institutions through the DSWD, which was referred to this office for comment.

We find the draft in order except for three minor items which we want to clarify, to wit:

1. Under Scope, specific to item #3, quoted as follows: Articles approved for transfer shall be covered by an acknowledgement receipt/memorandum duly signed by the DSWD Secretary or his duly authorized representative and approved by the Commission on Audit.

   What will be approved by COA and why the need for approval of COA?

   In our previous experience, BOC – COA representatives only witnessed the transfer & delivery of goods to DSWD warehouse, while DSWD Resident – COA conducts their own inventory after the delivery. Also, DSWD Resident – COA is invited as observer during the conduct of valuation of donation. Thus, we find this specific clause ("approved by the COA") irrelevant.

2. Also under Scope, item #5, please specify if we are referring to DSWD – COA or BOC-COA as the person to witness and acknowledge in the boat note.

3. On Reporting, item #2, the 30 days period to submit a distribution report on goods received is much too short due to the processes of documentation including inventory, monetization and repacking especially when the Department is stockpiling the goods in preparation for rainy months or occurrence of disasters.

   The Department shall submit inventory report of goods received, as well as quarterly status report of goods, timelines of which will vary.

   With regard to the draft Customs Memo Order on the uniform procedures in the conduct of condemnation of forfeited/abandoned articles not allowed for auction sale, this office is not an authority on condemnable goods (biodegradable/non-biodegradable), thus we prefer not to comment on said draft.

   We look forward that our comments be given due consideration in finalizing the CMO on abandoned/forfeited goods for transfer to DSWD.

Thank you.

Very truly yours,
