### MEMORANDUM

FOR

THE COMMISSIONER OF CUSTOMS

RE

DTI ORDER, DATED DECEMBER 21, 2006, REDUCING THE

AMOUNT OF THE DEFINITIVE GENERAL SAFEGUARD MEASURE ON CERAMIC WALL AND FLOOR TILES, FOR THE

THIRD YEAR OF THE EXTENSION PERIOD

DATE

January 5, 2007

 This refers to the self-explanatory letter of DTI Secretary Peter B. Favila, dated December 21, 2006, requesting this Department to direct the Bureau of Customs (BOC) to implement the above-referenced order (copy attached), reducing the amount of the definitive general safeguard measure on ceramic wall and floor tiles to P2.15kg for the third (3<sup>rd</sup>) year of the extension period, commencing on January 12, 2007, thusly:

"On 21 December 2004, the Secretary of the Department of Trade and Industry (DTI) issued an Order extending the definitive general safeguard measure on importation of ceramic and wall tiles for another three years. The definitive general safeguard measure of P2.80/kg was imposed on the first year of the extension period. The safeguard measure for the 1st year of the extension period was implemented on 12 January 2005, through the issuance of CMO No. 10-2005 by the Bureau of Customs (BOC).

On 06 January 2006, the DTI Secretary issued an Order imposing the amount of P2.45/kg as the definitive general safeguard measure for the second (2<sup>nd</sup>) year of the extension period. The safeguard measure for the second (2<sup>nd</sup>) year commenced on 12 January 2006 (sic) CMO No. 34-2006 was issued on 7 February 2006 by the Bureau of Custom[s] (BOC).

The rate for the third (3<sup>rd</sup>) year of the extension period will be subject to an annual review as provided under Rule 15.6 of the IRR of RA 8800.

XXX

200

XXX

The definitive general safeguard measure for the first year of the extension period was based on the Tariff Commissions recommended annual rate of reduction of 20% for the three year extension period. The amount of duty for the second year of the extension period was reduced by 12.5% to P2.45/kg. Although it was observed that the weighted average

\_

landed cost of imports have increased during the first year of the extension period, there was no assurance that this trend will be maintained. Likewise, RA 8800 only provides for a phase down at regular intervals of the measure within the period in which the action is in effect.

XXX XXX XXX

IN VIEW THEREOF, and in accordance with Section 19(2) of RA 8800, the following is hereby issued:

- The amount of the definitive general safeguard measure for the third year of the extension period shall be reduced by twelve and a half percent (12.5%). Thus, the definitive general safeguard measure of P2.15/kg shall be imposed on the third year of the extension period. The third year of implementation of the extended definitive general safeguard measure shall start on 12 January 2007. xxx"
- Accordingly, you are hereby enjoined to issue the necessary CMO, and to undertake, as well, all necessary action/s in the premises, to implement the abovereferenced order soonest.

HON. MARGARITO B. TEVES Secretary Department of Finance Roxas Blvd., Manila

Dear Secretary Teves:

63

As mandated under Section 15 (3) of RA8800, the Safeguard Measures Act and its Implementing Rules and Regulations (IRR), the DTI Secretary issued on 21 December 2006 an Order reducing the amount of the definitive general safeguard measure on ceramic wall and floor tiles to R2.15/kg for the third year of the extension period. The third year of implementation of the extended definitive general safeguard measure shall start on 12 January 2007.

Pursuant to Rule 13.3.1 of the IRR of RA8800, we are requesting you to direct the Commissioner of Customs to collect the appropriate amount of the definitive general safeguard measure on imported ceramic floor and wall tiles from various countries covered by the said DTI Order.

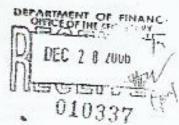

Sincerely,

一种到(m/)

IN THE MATTER OF THE REDUCTION OF THE DEFINITIVE GENERAL SAFEGUARD MEASURE AGAINST THE IMPORTATION OF CERAMIC FLOOR AND WALL TILES FROM VARIOUS COUNTRIES FOR THE THIRD YEAR OF THE EXTENSION PERIOD (Safeguard Case No. 01-2004)

Ceramic Tile Manufacturer's Association Petitioner

#### ORDER

On 21 December 2004, the Secretary of the Department of Trade and Industry (DTI) issued an Order extending the definitive general safeguard measure on importation of ceramic floor and wall tiles for another three years. The definitive general safeguard measure of P2,80/kg was imposed on the first year of the extension period. The safeguard measure for the 1<sup>st</sup> year of the extension period was implemented on 12 January 2005, through the issuance of CMO No. 10-2005 by the Bureau of Custom (BOC).

On 06 January 2006, The DTI Secretary issued an Order imposing the amount of \$2.45/kg as the definitive general safeguard measure for the second (2<sup>nd</sup>) year of the extension period. The safeguard measure for the second (2<sup>nd</sup>) year of the extension period commenced on 12 January 2006 CMO No. 34-2006 was issued on 7 February 2006 by the Bureau of Custom (BOC).

The rate for the third (3<sup>rd</sup>) year of the extension period will be subject to an annual review as provided under Rule 15.6 of the IRR of RA 8800.

On 26 October 2006, DTI notified and requested the local industry, importers, foreign exporters, embassies of concerned governments and other concerned parties to submit their positions on the appropriate amount of the safeguard measure for the 3rd year of the extension period. The DTI received comments/positions from the Embassy of the Socialist Republic of Vietnam, Taipei Economic and Cultural Office (TECO), The Philippine Institute of Interior Designers, Phil. Ceramic Products Importers Association Inc., Italfil and Mariwasa Siam Ceramics, Inc. on November 10, 16, 20 and 21, 2006.

An analysis of the available import transactions for the January to October 2006 period indicated that China contributed the biggest share of 80.74% to total Philippine imports. Imports from Hong Kong registered the second highest share at 9.76%. Imports from these two (2) sources accounted for about 90% of total Philippine imports during the 2005 to 2006 (January to October) period. It was also observed that imports from all sources continuously grow during the period of review.

The definitive general safeguard measure for the first year of the extension period was based on the Tariff Commission's recommended annual rate of reduction of 20% for the three year extension period. The amount'of duty for the second year of the extension period was reduced by 12.5 % to P2.45/kg. Although it was observed that the weighted average landed cost of imports have increased during the first year of the extension period, there was no assurance that this trend will be maintained. Likewise, RA 8800 only provides for a phase down at regular intervals of the measure within the period in which the action is in effect.

For the period January to October 2006, it was observed that the weighted average landed cost of imports from all sources at \$\text{P12.47/kg}\$ declined by 9.24% from 2005 level. Also, volume of imports for the first ten months of 2006 is almost twice the volume recorded in 2005. Thus, the continuous growth of the volume of imports and the reduction in the landed costs still pose a threat to the viability of the domestic industry. The rate of reduction of the measure for the third year of the extension period will have a softer impact on the local industry.

IN VIEW THEREOF, and in accordance with Section 19(2) of RA 8800, the following is hereby issued:

- The amount of the definitive general safeguard measure for the third year of the extension period shall be reduced by twelve and a half percent (12.5%). Thus, the definitive general safeguard measure of R2.15/kg shall be imposed on the third year of the extension period. The third year of implementation of the extended definitive general safeguard measure shall start on 12 January 2007.
- The imported ceramic files, however, from Japan and the member states of the European Union, which cannot be considered "like product or directly competitive product" as defined in Section 4 of RA 8800, are excluded from the imposition of the extended definitive general safeguard measure.
- 3. Pursuant to Section 13 of RA 8800 and Rule 13.1.d of its IRR, "a general safeguard measure shall not be applied to a product originating from a developing country if its share to total Philippine Imports of the said product is less than three percent (3%): Provided, however, that developing countries with less than three percent (3%) share collectively account for not more than nine percent (9%) of the total Philippine imports of the product concerned". The following countries are therefore excluded from the imposition of the extended definitive general safeguard measure on ceramic floor and wall tiles:
