Deputy Commissioner, AOCG

SUBJECT : **RECTIFICATION OF BOC DATABASE ON THE 2022 TARIFF RATES FOR THE MOST FAVOURED NATION (MFN) AND THREE (3) FREE TRADE AGREEMENTS (FTAs)**

DATE : April 5, 2022

With reference to abovementioned subject, please find attached herewith a copy of the Tariff Commission (TC) letter providing the summary of identified issues and corrections for the rectification of the BOC database on the 2022 tariff rates for the MFN and three (3) FTAs.

In said letter, the TC made reference to its meeting with representatives from the BOC Imports and Assessment Service, Assessment and Operations Coordinating Group (IAS-AOCG) and the Management Information Systems and Technology Group (MISTG) to discuss the implementation of the 2022 version of ASEAN Harmonized Tariff Nomenclature (AHTN), where the attention of the TC was called on a certain product (i.e., paintings under AHTN 2017 Code 901.10.00) which has a higher MFN rate in 2022 as against its 2021 MFN rate.

After its immediate review, 52 tariff lines in the 2022 MFN, ASEAN-India FTA (AIFTA), Philippines-European Free Trade Association FTA (PH-EFTA FTA) schedules were identified to have issues (i.e., incorrect rates, footnotes, product descriptions; duplicated tariff lines with different rates; error in numbering of extractions) while the line for electrical energy in the three schedules of the PH-EFTA FTA (Switzerland/Liechtenstein, Norway and Iceland) was not included.

Accordingly, the necessary changes were effected in the online Philippine Tariff Finder (PTF) reflecting the correct tariff rates, footnotes and product descriptions as well as adjustments in the number of extractions. Attached hereto is the list of tariff lines with issues and corrections per tariff schedule.

For information.

Dear Deputy Commissioner Dy Buco:

May we refer to the 2022 tariff rates for the Most Favoured Nation (MFN) schedule and three Free Trade Agreements (FTAs), i.e., ASEAN-India FTA (AIFTA); ASEAN-Hong Kong, China FTA (AHKFTA) and Philippines-European Free Trade Association FTA (PH-EFTA FTA), which this Commission provided to your good office in our letter dated 05 January 2022.

On 24 February 2022, this Commission met with representatives from the BOC-Import and Assessment Service (IAS) to discuss the implementation of the 2022 version of the ASEAN Harmonized Tariff Nomenclature (AHTN). In the same meeting, the BOC-IAS brought to this Commission's attention that a certain product (i.e., paintings under AHTN 2017 Code 9701.10.00) has a higher MFN rate in 2022, as against its 2021 MFN rate, based on the abovementioned tariff data provided by this Commission last January.

We also subsequently received an email from Mr. Joshua De Rueda, *Tariff Update Team, BOC-AOCG-IAS*, on 02 March 2022 requesting this Commission to "verify the correctness of the 2022 MFN rates that have increased compared to last year's (2021) prevailing MFN rates" specifically for AHTN 2017 Codes. 9620.00.90C, 9620.00.90D, 9701.10.00, 9701.90.00, 9705.00.10, and 9705.00.90.

We would like to thank the team from the BOC-AOCG-IAS for calling our attention on this matter. After the 24 February 2022 meeting, we undertook immediate review of the Commission's database of 2022 MFN and FTA tariff rates against the files provided to your Bureau. Based on the line-by-line review conducted, 52 tariff lines in the 2022 MFN, AIFTA, and PH-EFTA FTA schedules were identified to have issues (i.e., incorrect rates, footnotes, product descriptions; duplicated tariff lines with different rates; error in numbering of extractions) while the line for electrical energy in the three schedules of the PH-EFTA FTA (Switzerland/Liechtenstein, Norway and Iceland) was not included. A summary of the identified issues is provided in the table below:

Tariff Schedule	Issues	Number of Tariff Lines*
I. MFN	• With incorrect tariff rates	25
	• With incorrect footnotes	13
II. ASEAN-India Free Trade Agreement (AIFTA)	• With incorrect tariff rates	3
	• With incorrect product description	2
III. Philippines-European Free Trade Association Free Trade Agreement (PH-EFTA FTA)		
A. Switzerland / Liechtenstein	• With incorrect tariff rates	2
	• Missing tariff line (AHTN Code 2716.00.00 - Electrical energy)	1
	• Error in extraction (ex) number	1
B. Norway	• With incorrect tariff rates	2
	• Missing tariff line (AHTN Code 2716.00.00 - Electrical energy)	1
	• Duplicated tariff line with different rates	1
C. Iceland	• With incorrect tariff rates	2
	• Missing tariff line (AHTN Code 2716.00.00 - Electrical energy)	1
	• Duplicated tariff line with different rates	1
Total		55

*The list of the tariff lines with issues and corresponding corrections are in Annex A.

jms

We have already made the necessary changes in our online Philippine Tariff Finder (PTF) and have reflected the correct tariff rates, footnotes and product descriptions, adjusted the number of extractions, and deleted the duplicated lines in the 2022 MFN, AIFTA and PH-EFTA FTA schedules. We have also added the tariff line on electrical energy in the three schedules of the PH-EFTA FTA.

For the rectification of the BOC database, we are providing the following files:

1. Annex A (*Word file*) - List of tariff lines with issues and corrections
2. Annex B (*Excel file*) - Updated 2022 MFN, AIFTA, PH-EFTA (Switzerland/Liechtenstein, Norway, and Iceland) schedules
 - Please note that the 2022 AHKFTA tariff schedule, which has no identified issues, was also included in Annex B to provide the BOC with complete reference of FTAs with 2022 tariff rates.

The Commission would like to make the assurance that we are taking the necessary steps to avoid a repeat of this situation.

For concerns relating to the 2022 MFN tariff rates and other related issues, the Commission's focal person is Director Elvira C. Ignacio, Research, Investigation and International Trade Analysis Service, who may be reached at the following email addresses: TC.Assist@mail.tariffcommission.gov.ph and Records@tariffcommission.gov.ph.

Thank you.

Deputy Commissioner
Assessment and Operations Coordination Group
Bureau of Customs
OCOM Building, 16th Street

Email Address: edwardjames.dybuco@customs.gov.ph

Dear Deputy Commissioner Dy Buco:

May we refer to the 2022 tariff rates for the Most Favoured Nation (MFN) schedule and three Free Trade Agreements (FTAs), i.e., ASEAN-India FTA (AIFTA); ASEAN-Hong Kong, China FTA (AHKFTA) and Philippines-European Free Trade Association FTA (PH-EFTA FTA), which this Commission provided to your good office in our letter dated 05 January 2022.

On 24 February 2022, this Commission met with representatives from the BOC-Import and Assessment Service (IAS) to discuss the implementation of the 2022 version of the ASEAN Harmonized Tariff Nomenclature (AHTN). In the same meeting, the BOC-IAS brought to this Commission's attention that a certain product (i.e., paintings under AHTN 2017 Code 9701.10.00) has a higher MFN rate in 2022, as against its 2021 MFN rate, based on the abovementioned tariff data provided by this Commission last January.

We also subsequently received an email from Mr. Joshua De Rueda, *Tariff Update Team, BOC-AOCG-IAS*, on 02 March 2022 requesting this Commission to "verify the correctness of the 2022 MFN rates that have increased compared to last year's (2021) prevailing MFN rates" specifically for AHTN 2017 Codes. 9620.00.90C, 9620.00.90D, 9701.10.00, 9701.90.00, 9705.00.10, and 9705.00.90.

We would like to thank the team from the BOC-AOCG-IAS for calling our attention on this matter. After the 24 February 2022 meeting, we undertook immediate review of the Commission's database of 2022 MFN and FTA tariff rates against the files provided to your Bureau. Based on the line-by-line review conducted, 52 tariff lines in the 2022 MFN, AIFTA, and PH-EFTA FTA schedules were identified to have issues (i.e., incorrect rates, footnotes, product descriptions; duplicated tariff lines with different rates; error in numbering of extractions) while the line for electrical energy in the three schedules of the PH-EFTA FTA (Switzerland/Liechtenstein, Norway and Iceland) was not included. A summary of the identified issues is provided in the table below:

Tariff Schedule	Issues	Number of Tariff Lines*
I. MFN	• With incorrect tariff rates	25
	• With incorrect footnotes	13
II. ASEAN-India Free Trade Agreement (AIFTA)	• With incorrect tariff rates	3
	• With incorrect product description	2
III. Philippines-European Free Trade Association Free Trade Agreement (PH-EFTA FTA)		
A. Switzerland / Liechtenstein	• With incorrect tariff rates	2
	• Missing tariff line (AHTN Code 2716.00.00 - Electrical energy)	1
	• Error in extraction (ex) number	1
B. Norway	• With incorrect tariff rates	2
	• Missing tariff line (AHTN Code 2716.00.00 - Electrical energy)	1
	• Duplicated tariff line with different rates	1
C. Iceland	• With incorrect tariff rates	2
	• Missing tariff line (AHTN Code 2716.00.00 - Electrical energy)	1
	• Duplicated tariff line with different rates	1
Total		55

*The list of the tariff lines with issues and corresponding corrections are in Annex A.

We have already made the necessary changes in our online Philippine Tariff Finder (PTF) and have reflected the correct tariff rates, footnotes and product descriptions, adjusted the number of extractions, and deleted the duplicated lines in the 2022 MFN, AIFTA and PH-EFTA FTA schedules. We have also added the tariff line on electrical energy in the three schedules of the PH-EFTA FTA.

For the rectification of the BOC database, we are providing the following files:

1. Annex A (*Word file*) - List of tariff lines with issues and corrections
2. Annex B (*Excel file*) - Updated 2022 MFN, AIFTA, PH-EFTA (Switzerland/Liechtenstein, Norway, and Iceland) schedules
 - Please note that the 2022 AHKFTA tariff schedule, which has no identified issues, was also included in Annex B to provide the BOC with complete reference of FTAs with 2022 tariff rates.

The Commission would like to make the assurance that we are taking the necessary steps to avoid a repeat of this situation.

For concerns relating to the 2022 MFN tariff rates and other related issues, the Commission's focal person is Director Elvira C. Ignacio, Research, Investigation and International Trade Analysis Service, who may be reached at the following email addresses: TC.Assist@mail.tariffcommission.gov.ph and Records@tariffcommission.gov.ph.
