2_Letter for Atty. James Dy Buco (BOC).pdf;

29 July 2021

ATTY. JAMES DY BUCO

Deputy Commissioner

Bureau of Custom

Dear Atty. Dy Buco,

Greetings!

USAID-DELIVER Project is a five-year project designed to support the Philippine Government in institutionalizing innovative and lasting solutions that will help improve government's effectiveness in critical functions and reforms in pursuit of increased trade, investment, economic competitiveness, inclusive growth, and greater self-reliance.

At present, the project is currently providing technical assistance to the Department of Trade and Industry (DTI), through its Supply Chain and Logistics Management Division (SCLMD), in the conduct of an in-depth study of the Philippine warehousing and storage sector. With the study, DTI aims to have a snapshot of the sectoral landscape, identify pertinent regulations, determine sectoral gaps and areas for improvement, provide value proposition for investors and stakeholder, and serve as a guide in developing the sector.

As an initial step, DTI-SCLMD and USAID DELIVER plan to gather information from various stakeholders, including your office. In line with this, DTI-SCLMD and USAID DELIVER, through its consultant, Prof. Samuel Bautista, would like to coordinate and collaborate with your office to gather additional relevant inputs and data for this study.

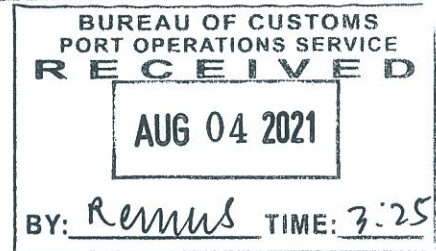

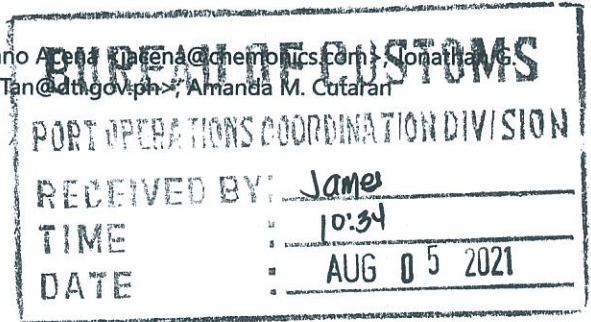

May we request for your reply, by providing us the key contact person form your office that can provide the requested information on or before **August 13, 2021**, via email to:
