MEMORANDUM

TO : ALL DEPUTY COMMISSIONERS
ALL SERVICE DIRECTORS
ALL DISTRICT COLLECTORS
ALL PORT COLLECTORS
ALL DIVISION CHIEFS

FROM : REY LEONARDO B. GUERRERO
Commissioner, BOC

SUBJECT : IMPLEMENTATION OF NETWORK ACCESS CONTROL

DATE : 16 May 2019

BOC-07-00491

MAY 24 2019

Section 109 of Republic Act No. 10863, otherwise known as the Customs Modernization and Tariff Act (CMTA), mandates the Bureau of Customs (BOC) to ensure that "The security of data and communication shall be in a manner that is consistent with applicable local and internationally accepted standards on information security."

Memorandum No. 2019-02-008 tasked the Deputy Commissioner of MISTG to monitor compliance on data access and request and employ technological tools to enforce data security, including the joining of all BOC desktops and laptops to the BOC Active Directory.

Management Information System and Technology Group (MISTG) in its effort to secure the BOC IT infrastructure, network and data will implement Network Access Control (NAC).

The implementation of NAC will disable network service such as Web Browsing, Email and E2M access on laptops and desktops not connected to Active Directory. Prior to the implementation of NAC, MISTG is directed to conduct user information dissemination on the effects and create an implementation schedule per Port.
