DATE : August 22, 2022

Forwarded is the hereto attached letter-reply dated August 10, 2022 from Engr. William P. Cuñado, Director, Environmental Management Bureau, Department of Environment and Natural Resources (EMB-DENR) to the letter dated May 4, 2022 of Mr. Albert C. Guma, Safety, Health and Environment Group Leader/Managing Head, SAMSUNG ELECTRO-MECHANICS PHILIPPINES CORP. with IIS Transaction No. CO-2022-018060 inquiring on the required clearance and documents from this Office for the proposed export of non-hazardous waste to Korea.

The EMB-DENR informs that the proposed export is not covered by the permitting requirements of DENR Administrative Order (DAO) No. 2013-22: *Revised Procedures and Standards for the Management of Hazardous Wastes (Revising DAO 2004-36)*. Thus, Export Clearance is not required.

The exporters of this product, however, are enjoined to determine if the same is regulated by the Government of Korea in order for the EMB-DENR to send the necessary written notification on the matter in their favor.

For information and guidance.

Subject: **CLEARANCE IS NOT REQUIRED FOR THE EXPORT OF NON-HAZARDOUS WASTE**

Dear Mr. Guma:

This has reference to your letter dated 04 May 2022 with IIS Transaction No. CO-2022-018060 inquiring on the required clearance and documents from this Office for the proposed export of non-hazardous waste to Korea.

Please be informed that the export of non-hazardous waste is not covered by the permitting requirements of DENR Administrative Order (DAO) No. 2013-22: *Revised Procedures and Standards for the Management of Hazardous Wastes (Revising DAO 2004-36)*. Thus, securance of Export Clearance for the transboundary movement of such material is not required. However, you are enjoined to determine if the subject export is regulated by the Government of Korea so that we can provide the necessary written notification as required by the Basel Convention.

However, you are not exempted from securing a clearance or permit from other government agencies that may regulate such material.

We hope we have guided you accordingly.

Very truly yours,

ENCR WILLIAM P. CUÑADO
