FROM : ATTY. EDWARD JAMES A. DY BUCO
Deputy Commissioner, AOCG *ad*

SUBJECT : ISSUANCE OF IMPORTATION CLEARANCE FOR ANY BRAND-NEW ELECTRICAL AND ELECTRONIC EQUIPMENT/MACHINES/DEVICES IS NOT UNDER THE PURVIEW OF DENR-EMB

DATE : 10 October 2022

This is with reference to the attached letter reply dated 03 October 2022 from Engr. William P. Cuñado, Director, Environmental Management Bureau, Department of Environment and Natural Resources (EMB-DENR) addressed to Ms. Roselle N. Guerra, Fairlift International Logistics, Inc., relative to latter's e-mail (IIS Transaction No. CO-2022-035316) dated 08 September 2022 seeking guidance regarding the importation of brand-new battery-powered portable generators specifically *Ecoflow River, Ecoflow River Pro, Ecoflow Delta 2, Ecoflow Wave and Modular Power Kit*.

In this regard, please be informed that the EMB-DENR stated that the issuance of an Importation Clearance (IC) for any brand-new electrical and electronic equipment/machine/devices is not under the purview of the EMB-DENR. Thus, an IC is not required from that office.

However, this does not preclude Fairlift from complying with the requirements of other Government agency(ies) that have mandate or jurisdiction regulating the above-mentioned products. Furthermore, EMB-DENR warned that should there be a misdeclaration, denial of the shipment to enter the country shall be warranted and the same must be re-exported back to the state of its origin at the expense of the importer.

For information and reference.
