FROM : ATTY. EDWARD JAMES A. DY BUÑO
Deputy Commissioner, AOCG *ed*

SUBJECT : CLEARANCE IS NOT REQUIRED FOR THE EXPORT OF ALUMINUM SCRAP

DATE : 10 October 2022

This is with reference to the attached Letter reply dated 03 October 2022 from Engr. William P. Cuñado, Director, Environmental Management Bureau, Department of Environment and Natural Resources (EMB-DENR) addressed to Ms. Chy Aquino, Sales & Marketing, Cilberlift Freight Int'l. Inc., inquiring on the requirements and fees for the export of aluminum scrap.

In this regard, EMB-DENR informed that the aluminum scrap is not covered by the permitting requirements of DENR Administrative Order (DAO) 2013-22: *Revised Procedures and Standards for the Management of Hazardous Waste (Revising DAO 2004-36)*. Thus, export clearance for the transboundary movement of such material is not required.

However, EMB-DENR wants to determine if the subject export is regulated by the importing country so that the EMB-DENR can provide the necessary notification in favor of Cilberlift or other concerned exporters. This does not also preclude them from securing the necessary permit from the national agency that may regulate the said activity or the material to be exported.

For information and reference.

Subject: CLEARANCE IS NOT REQUIRED FOR THE EXPORT OF ALUMINUM SCRAP

Dear Ms. Aquino:

This has reference to your email dated 09 September 2022, with IIS Transaction No. CO-2022-035311, inquiring on the requirements and fees for the export of aluminum scrap.

Please be informed that the export of aluminum scrap is not covered by the permitting requirements of DENR Administrative Order (DAO) No. 2013-22: *Revised Procedures and Standards for the Management of Hazardous Wastes (Revising DAO 2004-36)*. Thus, export clearance for the transboundary movement of such material is not required. However, you are enjoined to determine if the subject export is regulated by the importing country so that we can provide the necessary written notification for them. This shall not also preclude you to secure the necessary permit from the national agency that may regulate the said activity or the material to be exported.

We hope we have guided you accordingly.

Very truly yours,

ENGR. WILLIAM P. CUÑADO
