## FINAL NOTICE

DESCRIPTION
Red Drum (White, Solid Substance)
Gray Drum (White Liquid)
Luminiscent Enamel (Brownish Liquid)
Blue Drum (Rugby Yellowish Substance)
Perchloric Acid (Glass Gallon)
Small White Container (Colorless Substance)
Small Blue Container (Blue Liquid)
Rusted Container (Black Liquid)
SK Steel Drum (Yellowish Liquid)
Blue Drum (Dichloricmethane)
Steel Container with Box (Greenish Liquid)
Steel Container (Thinner)

Greetings!

Pursuant to the Disposition Form dated 29 November 2023, Atty. Enrico A. Turingan III, Acting Chief, Auction and Cargo Disposal Division (ACDD), requested for the issuance of Decree of Abandonment based on the recommendation of Charles Tan, Assistant Vice President – HSES and Atty. Rodolfo G. Corvite, Jr., Vice President – Business Support Service, of Asian Terminals Inc. (ATI), let this be a **Final Notice** to the Owners to claim/lodge/file the required goods declaration and pay the duties and taxes for the above-described shipment stored at Asian Terminals Inc., otherwise the same shall be deemed abandon in accordance with CAO 13-2020 and Section 1129 of the CMTA.

Five (5) days upon posting of the same at the Bulletin Board and Bureau of Customs (BOC) of the said container will be declared abandoned by the District Collector and accordingly will be issued Decree of Abandonment pursuant to the provisions of the CMTA.

Port of Manila, Philippines, 19 December 2023.

**PURPOSE OF EXAMINATION:**

To determine the presence of dangerous drugs, controlled precursors, and essential chemicals in the above-stated specimens.

X-X-X

X-X-X

X-X-X

**FINDINGS:**

Qualitative examinations of specimen **A** gave **NEGATIVE** results for the presence of any dangerous drugs, controlled precursors, and essential chemicals under RA 9165.

Qualitative examinations of specimen **B** gave **POSITIVE** results for the presence of **Acrylic Adhesive**.

Qualitative examinations of specimen **C** gave **POSITIVE** results for the presence of **Liquid Paraffin**.

Qualitative examinations of specimen **D** gave **POSITIVE** results for the presence of **Toluene**.

Qualitative examinations of specimen **E** gave **POSITIVE** results for the presence of **Perchloric Acid**.

Qualitative examinations of specimen **F** gave **POSITIVE** results for the presence of **Ethylene Glycol**.

Qualitative examinations of specimen **G** gave **POSITIVE** results for the presence of **Copper (II) Sulfate Pentahydrate**.

Qualitative examinations of specimen **H** gave **NEGATIVE** results for the presence of any dangerous drugs, controlled precursors, and essential chemicals under RA 9165.

Qualitative examinations of specimen **I** gave **POSITIVE** results for the presence of **Liquid Paraffin**.

Qualitative examinations of specimen **J** gave **POSITIVE** results for the presence of **Dichloromethane**.

Qualitative examinations of specimen **K** gave **POSITIVE** results for the presence of **Cyclohexane**.

Qualitative examinations of specimen **L** gave **POSITIVE** results for the presence of **Toluene and Acetonitrile**.

**MS. MARITESS T. MARTIN**  
District Collector  
Port of Manila  
Bureau of Customs

**SUBJECT: DISPOSAL OF OVERSTAYING CHEMICALS STORED IN  
DANGEROUS CARGO AREA**

Dear Ms. Martin:

This has reference to overstaying chemicals stored at Dangerous Cargo Area of ATI-SH since 2009. A list of the overstaying chemicals is attached as Annex "A". We have on numerous occasions, earlier brought this to the attention of the Auction and Disposal Division and have sent follow thru letters requesting for immediate action and disposal of the said overstaying chemicals. Copies of which are attached as Annex "B". The condition of the containers has deteriorated causing some content to leak that poses risk to the environment as well as to our personnel and facility.

In view of the above we would like to reiterate our request for your assistance to effect the immediate disposal of the said overstaying chemicals.

Should there be any concerns, *Mr. Jun Balita and Janice S. Picardal- Manager for HSES*, could be reached at 0999-8853213 and 0998-9643957 respectively.

Thank you very much.

# INCIDENT REPORT

Incident Title: Unidentified Liquid Observed leaking out from Dangerous Goods Warehouse

Critical
  Non-Critical

Incident Reference No: \_\_\_\_\_

## PART A - NOTIFICATION

Region: APC

Business Unit: SH

Actual Severity: Class 1

Potential Severity: Class 1

## INCIDENT DETAILS

Incident Date: Oct 17, 2018

Incident Time: 08:50:00H

Reported Date: Oct 17, 2018

Reported Time: 09:15:00H

Time of Day: Day

Weather: Clear & Calm

Class: Environment: Nearmiss / Hazard (Environmental)

Category: Near Miss

Location of Incident: Buildings

Exact Location: DG Warehouse

Equipment 1: N/A

Equipment No: N/A

Reported By: Ralph Henry A. Ramos

Reported To: Charles Donald Tan

## INCIDENT DESCRIPTION

Activity at that time:  
Others:

**Brief Description:**  
During yard operation/inspection, ESO duty received reports about a leak at the DG Warehouse. The unidentified liquid leaked out from the DG warehouse and approximately 2 meters from the facility to the Bay 1 of CNK. This incident had an actual severity of 1 because the liquid that leaked from the DG warehouse was less than 20 liters/kg in volume. Potential severity of 1 was also given because of the controls were in place that prevented the incident from causing damage.

## IMMEDIATE ACTION TAKEN

1. Area was isolated and barricaded
2. Shift Manager was advised of the observation.
3. Recommendation to the shift manager to call ERT to manage the leak.
4. Initial investigation conducted.
