Deputy Commissioner, AOCG

ATTY. GENIEFELLE P. LAGMAY
Acting Director, POS, AOCG

FROM : 
ATTY. NICOLAS R. KYAMKO III
Chief, ACDMD, POS, AOCG

SUBJECT : OPERATIONALIZATION OF THE OS TRACKER

DATE : 15 May 2024

In reference to the implementation of the OS Tracker System, all containerized ports are required to cleanse the data as uploaded by MISTG from the BOC E2M System. In a meeting with the ports concerned on 15 April 2024, some of the ports raised the issue of the accessibility of the system. To address this, AOCG sent a Memorandum to MISTG to provide the ports concerned with access to cleanse the data in the OS Tracker System.

In response, MISTG informed AOCG that the authorized personnel as nominated by the ports were already given access to the OS Tracker System.

In this regard, to ensure that data in the OS Tracker System is accurate and up-to-date, all ports are given until 31 May 2024 to cleanse the data to ensure that said data corresponding to their respective ports represents the actual overstaying containers.
